Regional Focus

Ambulatory Services at Johns Hopkins All Children’s is committed to providing families access to high quality health care in a location that is convenient and close to home. Our 11 locations of outpatient care provide a wide range of services. Our new regional focus allows us to partner with you to assure the communities we serve have access to our care. Each region is led by a medical director, regional director and physician liaison. This team's focus is on the services we currently provide, opportunities for future services, and overall care coordination within the region.

**Our South Region**, covers our Sarasota, North Port and Fort Myers Outpatient Care Centers as well as our 24/7 Health Services provided at IMG Academy. This team also works with our affiliate hospitals within the region, which are Sarasota Memorial and Bayfront Health Port Charlotte.

Karen Raimer, M.D., Medical Director  
Shirley Storo, M.B.A., R.N., Regional Director  
Kim Rodgers, Physician Liaison

**Our East Region**, covers our Tampa, South Tampa, Tampa Sports Therapy, Brandon and Lakeland Outpatient Care Centers. This team also works with our affiliate hospitals within the region which are Florida Hospital Tampa and Brandon Regional.

Drew Rideout, M.D., and Jose Prieto, M.D., Medical Directors  
Amanda Mccollom, M.H.A., M.S.N., R.N., Regional Director  
Heather Johnson, Physician Liaison

treatments, education and technology available. Our physicians and nurse practitioners work closely with patients/families, nurses, diabetes educators, dietitians and social workers to create an individualized treatment plan for each patient.

Our diabetes program supports children and caregivers during the initial diagnosis of diabetes and provides ongoing treatment, education, long-term management and support including transitioning to adult care. We offer diabetes education classes that range from basic diabetes survival skills to comprehensive self-management education for our patients and families at all stages of their diagnosis. We have access to pediatric specialists and subspecialists throughout our hospital and can provide a seamless transition for patients who need additional specialty care.

We offer diabetes services at our St. Petersburg, Brandon, East Lake, Lakeland, Pasco, Sarasota and Tampa Outpatient Care locations. For information or to refer a patient, call our main campus office at 727-767-3636 or visit hopkinsallchildrens.org/Services/Endocrinology-Diabetes.

OB-GYN Specialists New Location

The Johns Hopkins All Children’s OB-GYN Specialists will be moving to a new office conveniently located on Central Avenue in St. Petersburg. The new space highlights a stunning new facility with larger office space that was designed for an efficient patient flow. The location is centralized between Bayfront Health St. Petersburg and St. Petersburg General where providers deliver. The office will be begin seeing patients in the new space located at 5959 Central Ave., Suite 103, St. Petersburg, FL on Nov. 12, 2018. For information, visit HopkinsAllChildrens.org/OBGYN or call 727-767-6060.

Johns Hopkins All Childrens Home Care Expands

Johns Hopkins All Children’s Home Care is expanding its services for children and families in Hillsborough, Polk, Manatee, Highlands and Hardee counties. Home care staff, including a
registered nurse and respiratory therapist, will be based out of our South Tampa outpatient care location, 1202 S. Church Ave., to serve patients through a coordinated case-management approach that adds skilled nursing visits, respiratory therapy and other services to our existing offerings in those communities.

For a complete list of services, visit HopkinsAllChildrens.org/HomeCare. The home care team is available to answer questions 24/7 at 1-800-428-3990.

Be Prepared for Flu Season

American Academy of Pediatrics has issued a Red Book Online special alert summarizing recommendations for prevention and control of flu in the pediatric population. See the highlights.
