

Active Parenting

A Six-Week Series

Active Parenting is based on a positive parenting model that focuses on instilling confidence in children, using nonviolent discipline techniques, and encouraging mutual respect.

Active Parenting will give you the skills to achieve a peaceful home with successful kids. This class applies to parents of children, ages 2 and older, including teens.

In this class you will learn how to:

- Discipline your kids without yelling
- Communicate so your kids understand
- Teach your kids to be respectful
- Help your kids succeed in school
- Use effective techniques to deal with issues related to drugs, alcohol and premature sex
