

# Are You Considering a Career as a Child Life Specialist?

Johns Hopkins All Children's Hospital is pleased to offer a half-day experience to explore the field of Child Life. Members of our Child Life team will share their experience, insight and advice. This program is designed for high school juniors and seniors, college students, student nurses, and other college graduates.

Find out what it takes to become a Child Life specialist and what college courses you will need—and which schools offer these classes.

## Our half-day program includes:

- Panel discussion with Child Life Staff
- Information about education options & certification requirements
- Hospital tour
- Exposure to therapeutic activities

## Program Dates:

March 13, 2019	3:30–7:00 p.m.
June 26, 2019	2:00–5:30 p.m.
October 23, 2019	2:00–5:30 p.m.

Registration is limited to 25 participants per session.
